PRESENT:

HIS HONOUR THE LIEUTENANT-GOVERNOR IN COUNCIL.

WHEREAS by an Act respecting Pound Districts it is enacted that the Lieutenant-Governor in Council may, by Order in Council made public by notice in the British Columbia Gazette, constitute any part of the Province of British Columbia not within the limits of a municipality into a pound district; and

Whereas under the provisions of this Act application has been made to constitute that portion of the County of Cariboo known as the Townsite of Quesnel, and Lot 385, a pound district; and

DOMINION ORDERS IN COUNCIL.

[2151]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Wednesday, the 8th day of October, 1913.

PRESENT:

HIS EXCELLENCY THE ADMINISTRATOR
IN COUNCIL.

THE Minister of the Interior, under date 30th July, 1913, reports as follows:—

That W. D. McKay, Esq., of the City of Vancouver, in the Province of British Columbia, has applied to purchase, subject to conditions of reclamation, certain Dominion land along the Columbia Valley in the Dominion Railway Belt, in the Province of British Columbia, and being the vacant bottom lands on each side of the Columbia River between Golden and the southern limit of the Railway Belt, comprising approximately 16,000 acres, and being portions of the following townships:—

Township 23, Range 18 west 5th meridian.

"	24,	"	18	"	"	"
"	23,	"	19	"	"	"
"	24,	"	19	"	"	"
"	24,	"	20	"	"	"
"	25,	"	20	"	"	"
"	25,	"	21	"	"	"
"	26,	"	21	"	"	"
"	27,	"	21	"	"	"
"	26,	"	22	"	"	"
"	27,	"	22	"	"	"

The application is made with the view of carrying out by a comprehensive system of dyking and drainage the reclamation of these lands and of their utilization for agricultural and industrial purposes, it being represented that they are now subject to periodic overflow from the Columbia River and tributaries and are useless and valueless in their present condition;

That in support of the project the applicant has furnished a preliminary report by Messrs. Canavan & Mitchell, civil engineers, of Victoria, B.C., which was referred last summer to the Chief Engineer of the Railway Belt Hydrographic Survey for report after inspection on the ground; that the Chief Engineer submitted a report dated May 21st, 1912,

that the reclamation of the overflow bottom lands of the Columbia Valley is most advisable, that the project is feasible, at an estimated expenditure of \$1,000,000, and will require from six to eight years to complete. He recommended, in effect, that the lands applied for be reserved for sufficient time to enable the applicant to furnish the Department with definite detailed plans of the reclamation scheme, upon consideration and approval of which by the Department the applicant should be given the right to commence construction and be required to complete the project within eight years, when patents would issue;

That as the project is inseparably connected with the regulation of the Columbia River for navigation purposes it was also referred to the Department of Public Works for a report by the District Engineer. The Chief Engineer of the Public Works Department reported on the 11th June, 1912, that Mr. District Engineer Aylmer had made the necessary investigations, and reported that the scheme would be greatly to the advantage of that Department and to the District;

That the project has recently been reported upon after a thorough investigation on the ground by Thomas H. Dunn, C.E., Reclamation and Drainage Engineer of the Water Power Branch of the Department of the Interior, who concludes:—

"That the bottom lands are at present practically useless;

"That they cannot be reclaimed by individual effort because of the difficulty and expense connected therewith;

"That they may be reclaimed, at least in part, by dyking in conjunction with a proper system of drainage for low-water periods and pumping during high-water periods;

"That certain limited areas about the mouths of the larger tributaries may be reclaimed by sedimentation;

"That some small sections will not pay for reclaiming;

"That the reclaimed lands will be suitable for the cultivation of shallow rooting plants not susceptible to damage from summer frosts;

"That the area of available Dominion lands that may be economically reclaimed is approximately 13,000 acres."

In view of the foregoing Mr. Dunn recommends that the application be granted.

The Minister, therefore, recommends that the available bottom lands of the Columbia Valley—those areas of land lying between the ordinary high-water mark on either side of the Columbia River—between Golden, B.C., and the southern limit of the Railway Belt, be reserved from other disposition, and that he be authorized to enter into an agreement with the said W. D. McKay, looking to the sale of these available bottom lands to him at \$1 per acre, upon the terms and conditions as set out in the draft agreement attached hereto.

The Committee concur in the foregoing and submit the same for approval.

RODOLPHE BOUDREAU,

no13 Clerk of the Privy Council.
